

# Legislative Overview of **STEPS**: Strategies to Elevate Partnership Success

**December 6, 2023**

**2:00p - 3:00p**

Several recent legislative actions and supporting rulemaking have impacted Washington's apprenticeship system integration efforts. These include the development of industry-based sector platforms, regional apprenticeship preparation programs, apprenticeship childcare benefits, and new apprenticeship program requirements. Learn more about expanding apprenticeship opportunities through system integrations. Join the consulting team for a review of recommendations:

- Entry and access - reducing barriers, harmonizing application processes, and focusing on rural areas
- Partnerships - communication and collaboration - increasing outreach and information sharing
- Funding and other barriers - developing strategic performance goals and metrics
- Equity and diversity considerations - increasing apprenticeship diversity and success.
